***NEW* Domestic Abuse COVID-19 Campaign:**

Measures announced over recent weeks to tackle coronavirus (COVID-19) have drastically altered people's day-to-day lives. Whilst it is essential that the vast majority of people do stay home in order to protect the NHS and save lives, the government acknowledges that the order to stay at home can cause anxiety for those who are experiencing or feel at risk of domestic abuse.

The Home Secretary has therefore made it clear that if you are experiencing domestic abuse you can leave your home to seek support. Domestic abuse is unacceptable in any situation, no matter what stresses people are under. There is no excuse for domestic abuse. The Home Office has worked with a number of key partners and charities to launch a new national campaign to raise awareness that if you are experiencing domestic abuse you can leave your home, if this is possible, and police and support services remain available.

Advertising on social media signposts to gov.uk/domestic-abuse where victims, perpetrators and members of the public can find out how to get support if they or someone they know may be experiencing domestic abuse. Paid search adverts will also be directing to support and advice.

The campaign launched with a shareable social media ask for people to post the campaign advert and/or share a picture or video of themselves showing the campaign symbol – a hand with a heart symbol in it – and using the campaign hashtag **#YouAreNotAlone**, to show solidarity and support for victims of abuse. We hope that supporters and the public will continue to share this message to ensure we are reaching as many people as we can.

Support on the GOV.UK page signposts to organisations such as Refuge who run the National Domestic Abuse Helpline, the Live Fear Free Helpline in Wales, Men's Advice Line, Women's Aid, Galop, Hestia, Imkaan, SafeLives and Respect who run the perpetrator phone line.

People that are affected by domestic abuse will be harder to reach at this time and we really need your help to promote the campaign and raise awareness of the advice and support available. We have produced some campaign assets, including digital assets, a leaflet and a poster, which are all available to download below.

Cumbria County Council**Respect Campaign**

As government guidance regarding the stay at home message has altered slightly, we ask that any potential visitors and current residents of Cumbria follow these 3 key messages:

Respect our local communities

- Be considerate and don't do things that increase the risk or cause problems for local people, particularly the vulnerable: avoid using paths through farmers' yards; keep your dog on a lead and take your litter home.
- Plan ahead and avoid busy places: use saferlakes.co.uk to park safely and considerately and avoid the more popular destinations.
- Bring your own food and drink to avoid pressure on local shops.
- Consider the lack of toilet and washing facilities and don't behave in an anti-social manner.

Respect the risk

- Cumbria continues to record new cases of the virus every day and the threat has not gone away
- Don't take risks on the fells, on the water or on the roads. Stay within the limits of your ability and equipment at all times.
- If you get into trouble help may take longer to arrive and you will put unnecessary additional pressure on local health and emergency workers as well as volunteer mountain rescue and coastal rescue services.

Respect the rules

- Observe all the Government's social distancing rules.
- No overnight stays, no camping, no visiting second homes.
- Avoid crowds.
- Wash your hands regularly.

Allerdale Borough Council

The latest updates regarding coronavirus and our services:

- Victims of domestic abuse in Allerdale are being urged not to suffer in silence and reassured that the borough council is on hand to support people who have left, or need to leave, their homes because of it. The council has a specialist domestic violence officer to provide advice and support for those who need it. Just call **0303 123 1702**. However, if someone is in immediate danger they are asked to call police on **101** or **999**
- Tenants and landlords are being reminded that despite the lockdown brought about by the coronavirus outbreak, homes should not be left in a state where they are unsafe and needing urgent repairs. The Government has released a number of advisory guidance documents to support and encourage landlords and tenants in adopting a pragmatic, common sense approach to issues that may arise in the current circumstances - such as boiler repairs. These can be found on the government website: <https://www.gov.uk/government/publications/covid-19-and-renting-guidance-for-landlords-tenants-and-local-authorities>.

Tenants have a right to a decent, warm and safe place to live and it is the role of Allerdale Borough Council to keep housing conditions under review and take appropriate action in the event that hazards exist within the home.

Therefore we are reminding tenants that if they are privately renting and they feel their home is dangerous and there is an imminent risk to their health, then they should contact their landlord in the first instance to get any repairs completed as soon as possible. If they are not happy with their landlord's response, then they can contact the council's Private Sector Housing Team on **0303 123 1702**.

- Our housing and homelessness teams are still available to help those facing difficulties. If you are facing being made homeless, please do call the council on **0303 123 1702** and we'll offer whatever support we can. More information is also on our website.
- We are reintroducing charges for parking in our car parks. To reduce the risk of infection, revised signage will be erected in our car parks to ensure people keep more than 2m apart from anyone not from their household. The signs will also advise people to park in alternate bays where possible, keep hands clean and use the MiPermit app to pay for parking where available. This can be downloaded from mobile app stores. The machines will only accept card payments. The app cannot be used in Fairfield (Sainsburys) car park or the Booths car park in Keswick. It also cannot be used in car parks which we manage on behalf of others. These are: Rawnsley Hall car park, Derwent Pencil Museum car park at Keswick, Irish Street car park and South Quay car park at Maryport.

Key workers including NHS staff, care workers and NHS volunteer responders involved in the Coronavirus response will be able to obtain a key worker parking pass from their employer under the government guidance, which will allow them to park for free on all of our car parks.

- Our customer contact centres in Workington, Cockermouth, Keswick, Maryport and Wigton are closed to the public. Please use the website, online forms, webchat, 'myAllerdale' app and phone to access our services and contact us.
- We're encouraging all businesses who think they are eligible for the coronavirus support grant and have not provided their details to do so as soon as possible.

The council needs some information to confirm eligibility as well as bank details to pay the grant. There is a simple form on the council's website at:

<https://www.allerdale.gov.uk/en/coronavirus/coronavirus-business-grants-claims/>.

- We can offer help and assistance to any individual who is facing financial hardship. The council can help to reduce council tax payments through the Council Tax Reduction Scheme and we can also provide help and advice on any benefits which may be available. More information is on the council's website, or ring **0303 123 1702**
- Check our website to find out the latest on our waste collections. Garden waste collections resume from the week beginning 11 May. Please check your collection day on our website: www.allerdale.gov.uk/bincollections.

Our bin crews are working hard to carry out the waste collections in these challenging times. Please help to protect them from infection by cleaning bin handles. And wash your hands after putting your bins out and collecting them back in too.

- Our leisure partners, GLL, announced the closure of our leisure centres in accordance with government advice they remain closed.
- To reduce social contact, the government has ordered certain businesses and venues to close. Should you see a business operating that you think should be closed then we would appreciate your help. Please forward its details to environmental.health@allerdale.gov.uk or telephone **0303 123 1702** so that we can investigate. Your details will not be passed to the business.
- If you have potentially infected waste, there is advice on how to safely dispose of it on our website.
- All of our play parks and public toilets are now closed to the public
- We have issued advice and guidance on the conduct of funerals in light of the government advice.
- We have suspended all our markets
- Our official meetings have been postponed in line with government advice on social distancing

- We have deferred payments via the festivals and events fund given that all festivals and events are no longer taking place

Keswick Community Emergency Recovery Partnership

The Keswick Volunteers have been delivery activity packs to 3-5 year olds in the Keswick area. 150 packs were donated by Booktrust and came via the Cumbria Library Service.

Heather Askew said “Cumbria Libraries got in touch with us to say that they had some free resources aimed at 3-5 years old and would we like some. They were able to deliver us 3 boxes of the activity packs that contained a little book and activity sheets. Through our network of volunteer Street wardens we were able to get out these packs to the 3-5 year olds across Keswick.”

In advance of mental health week, the Keswick Volunteers have delivered Wellbeing and Mental Health Booklets to all households in Keswick.

Designed and printed by Every Life Matters, the booklet offers support with helpful tips and ideas on how to look after your wellbeing and mental health during the COVID-19 pandemic. It also gives plenty of other sources of help such as helplines and websites.

As well as having Street Wardens who are able to help with practical problems at the moment, such as shopping or collecting prescriptions, we also have a group of volunteers who are phone befrienders. This service is for anyone who is feeling like a bit of company via the telephone. Contact keswickvolunteers@gmail.com

Bassenthwaite Volunteers

Keen to mark such an auspicious occasion Bassenthwaite celebrated VE Day with a huge Bingo bonanza organised by the local community response group. Encompassing the entire parish the celebrations were conducted from the village green. At 4.30pm residents positioned themselves in their suitably decorated gardens with residents further afield tuning in to a live stream on the village Facebook page to join the celebrations. Over the following 2hrs they were entertained to hilarious Bingo games as compere Gordie Oliver conducted proceedings suitable dressed in full tuxedo with military cap.

We started the event off with a collectively sung national anthem and brought proceedings to a close with a rendition of Vera Lynn's We'll Meet Again.

Numerous prizes were handed out to the winners, supplied with aid of the grant the community had received from Cumbria Community Foundations COVID-19 fund. And everybody agreed it was a fantastic afternoon of entertainment.

Gordie commented:

"We were keen not to let the VE celebrations pass without doing something special to mark the occasion. Organising the Bingo and using Facebook allowed us to involve the whole community whilst observing social distancing rules. It proved a popular idea with around 50 local households taking part, further promoting the great community spirit Bassenthwaite has displayed throughout the current crisis."

Cumbria CVS continue to provide a range of services to help support the local voluntary and community sector to respond to the crisis:

Support and Services

- **Information:** Latest information and resources are updated regularly and are available on the website: www.cumbriacvs.org.uk
- **The website** contains lots of useful information especially on the following two pages:
 - www.cumbriacvs.org.uk/coronavirus
 - www.cumbriacvs.org.uk/coronavirus-19-volunteering

- **Volunteering:**
CVS have developed a wide range of support and resources for local voluntary organisations in light of COVID-19 including a Volunteering Handbook, Guidelines for Informal Volunteering Groups, A Risk Assessment template and much more. These are all available on the website: www.cumbriacvs.org.uk/coronavirus-19-volunteering

If you are a Volunteer Manager or linked to volunteers, please join the Volunteer Network Meeting on **Thursday 14 May** from **1-2pm** which will be held using Zoom. It will provide an opportunity to look at new resources, discuss volunteer recruitment and retention and share ideas/good practice.

All welcome – to join please email Judiths@cumbriacvs.org.uk

- **Funding**
CVS have dedicated Funding Officers who are here to help support groups to access funding during this crisis. They in turn have developed a range of support and resources to enable them to do this. To contact the team, email: cvsfunding@cumbriacvs.org.uk

Some resources have been attached but full details can be found on our website: www.cumbriacvs.org.uk/funding

- **Governance**

The team are still offering governance advice and guidance and can be contacted via info@cumbriacvs.org.uk

- **Voice**

The response of the sector to this pandemic has been amazing and is recognised. We all now need to ensure that continued support and resources are secured and so we must all continue to feed into local and national surveys/initiatives, work with local/national funders, have discussions with local MPs. We must keep going – and for Cumbria CVS, having a strong membership (see below), supports us to play our part in this.

Cumbria CVS Membership

You may have already heard the great news that membership of Cumbria CVS is now **FREE** (as of 01/04/2020)!

Finer details are still developing for the new Membership Offer and you will be contacted in due course to renew/update membership but please rest assured that in the meantime, you will continue to be a member of Cumbria CVS and access benefits/support available.

Feedback

CVS are currently looking for a number of organisations to engage with them and provide feedback/information on support that may be needed by the sector moving forward.

They are trying to establish if there are key services (e.g. financial services) that would benefit from more resources (perhaps in the form of volunteers and/or training resources) to see if/how they can help facilitate this possibly through skilled volunteers.

They hope to develop a short survey and if you are interested - we can ensure that your organisation has the opportunity to take part - please contact via email to:

alisonp@cumbriacvs.org.uk

Please complete survey - Community Response to Coronavirus Feedback

Have you been involved in the community response to the COVID-19 outbreak? If so, Cumbria Resilience Group would like to hear from you. This survey aims to collect some quick, early feedback on people's experiences and will help to inform the ongoing work of the group. To access the survey and find out more, see below:

<https://www.surveymonkey.co.uk/r/CoronavirusCommunityResponseSM>

**You only need to complete the survey once.*

For volunteer enquiries please email info@cumbriacvs.org.uk or call **01768 800350**.

Mental Health Provider Forum Survey

We know that many of you are working flat out at the moment supporting people who are struggling to maintain their mental health and wellbeing during the current crisis.

We can see that many of you are:

- finding new ways to connect with clients you were already working with prior to COVID or with new groups of clients
- expanding the availability or frequency of the services you normally provide

- developing completely new services
- developing new levels of services to meet the increased needs that clients are experiencing

We want to try to capture some of this information and to better understand the increase in demand that you have been and continue to experience in the period since COVID 19 lockdown commenced.

We want to use the information that we gather to help to inform conversations with our local NHS agencies and a range of other funders. We also want to ensure that there is a good coverage of mental health and wellbeing support across the whole county and that it is delivered to all age groups.

We want to hear from as many of you as possible.

We have developed two surveys that we hope that you can complete.

Survey 1

This survey is for organisations that provide one or both of the following types of services in Cumbria (organisations who complete this survey may also want to complete Survey 2 as well)

- Multi-appointment group-based programmes of support that are considered to be a clinically or socially therapeutic intervention e.g. CBT, counselling, mindfulness based cognitive therapy, interpersonal therapy

<https://www.surveymonkey.co.uk/r/SJ5R5C2>

Survey 2

This survey is for organisations that provide one or more of the following services in Cumbria

- Self-help and sign posting support
- One off listening ear/social calls
- Regular listening ear/social calls
- One off welfare calls with a specific emphasis on mental wellbeing support

Citizens Advice

Universal Credit and COVID-19 – CHECK BEFORE YOU CLAIM

If you need to seek financial help with living or housing costs during the 'lockdown' Universal Credit is the main source of support for new claims.

Take advice before claiming Universal Credit

Universal Credit (UC) was introduced to replace 6 'legacy benefits' including Working Tax Credits and Housing Benefits.

If you claim UC this brings to an end your previous claims for all legacy benefits and even if you are worse off you cannot go back to your old claim.

You may also be slightly better off on UC but the current levels of payment are temporary and may be reduced when the crisis is over.

The people most affected are those with savings and those paying rent. The difference between UC and Working Tax Credits can be a loss of £1,000's a year and there may be lower payments for many years to come when compared to 'UC managed migration' a loss of £10,000's of income is possible.

Help to Claim is a dedicated service from Citizens Advice. It's free, independent, confidential and impartial. Our trained advisers can help with things like how to gather evidence for your application or how to prepare for your first Jobcentre appointment.

You can read our online advice on Universal Credit at any time
<https://www.citizensadvice.org.uk/benefits/universal-credit/>

You can contact an adviser through free national Help to Claim phone service:

England: **0800 144 8 444**

England textphone: **18001 0800 144 8 444**

Talk to us online:

Chat lets you talk to a trained adviser online about your Universal Credit application process. Chat is usually available 8am to 6pm, Monday to Friday. It's not available on public holidays.

Staying Safe

We want to make sure that people are safe in their communities.

Here are some things to think about if you are offered, or need, support during this time.

Try to use existing and trusted community groups. If not, could a family member, friend or neighbour who you know and trust help?

Not sure? Don't answer the door.

If you're not sure about an offer of help, ask the person to leave details and talk to someone you trust about it.

Advice for parents during coronavirus

Whilst coronavirus is infectious to children it is rarely serious. If your child is unwell it is likely to be a non-coronavirus illness, rather than coronavirus itself.

Whilst it is extremely important to follow Government advice to stay at home during this period, it can be confusing to know what to do when your child is unwell or injured. Remember that NHS 111, GPs and hospitals are still providing the same safe care that they have always done. Here is some advice to help:

RED

If your child has any of the following:

- Becomes pale, mottled and feels abnormally cold to the touch
- Has pauses in their breathing (apnoeas), has an irregular breathing pattern or starts **grunting**
- Severe difficulty in breathing becoming agitated or unresponsive
- Is going blue round the lips
- Has a fit/seizure
- Becomes extremely distressed (crying inconsolably despite distraction), confused, very lethargic (difficult to wake) or unresponsive
